# PRESIDENT'S MESSAGE

**ROBERT BAILE**

*President*

Illinois Music Educators Association  
Mendota High School

As a representative of the I.M.E.A. Official Board, it is my pleasure to extend to each of you our personal warm welcome to Springfield. We never cease to be amazed at the fantastic number of people involved and the great amount of time spent in preparation for this annual event. The diversity of our membership makes this undertaking possible. But, here we are, all working together toward that common goal that we find difficult to put into words, (I guess that is why we use music); never the product of one person or even a single small group, but an outgrowth of all of you, the real music educators of our state.

Each of us is a product of some "great name" that has long been forgotten, but whose contribution to our life lives on through us. To all of you who are "working" this conference, we are most grateful for your contribution to your fellow musicians, and to the music students of the State of Illinois. We thank you for sharing your ideals, your enthusiasm and your expertise, and yes, for just caring. This process makes you then one of I.M.E.A.'s "great names." Your influence today will go on long after you leave the field of music.

Now, all of you enjoy your conference by visiting the exhibits, and attending the workshops.

We hope the conference assists you in your teaching gifts, thus enriching the music students in our state, the Real People we serve.
